

Good Giving Marketing Group

We are an organization of independent business owners. We market e-commerce programs that enable individuals to save money when they shop online for goods, travel services and other items, including legal services and identity theft protection.

We have packaged several plans into an online Shoppers Club. Our program is used both

- by employers as a benefit to employees & their families and
- by non-profit organizations as a fund raiser.

Our programs are similar to Costco, Sam's Club and AAA, except on an internet basis. Collective purchasing power and affiliate marketing enable us to bring great savings to employees and fund raising to non-profit organizations like churches, youth athletic programs, charities, associations, colleges, etc...

The application of our program as an employee benefit is also well suited for unions and associations. Some of the programs are offered free. Some involve monthly membership fees. All programs are voluntary. Some employers choose to pay all or a part of the cost of certain programs.

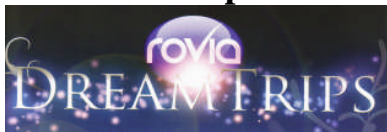

Here are the plans we market –

- **Rewards Mall Program(s)** with network retailers that pay cash back to on-line shoppers. This program involves one of the largest networks of internet retailers and the premier on-line rewards mall.

- A **Special Savings Program** with deep discounts and gift certificates on items that people need every day. From dining and entertainment to healthcare and pet insurance, members save hundreds of dollars every month with this program.

- A **Dream Trip Vacation Club** which employees join and get tremendous deals on over 300 trips throughout the year. This program was developed and by Rovia/WorldVentures, the leader in internet travel services and pre-planned vacations.

- A **Life Events Legal Plan** with valuable services and an added feature with protection against identity theft.

PRE-PAID LEGAL SERVICES®, INC.

- A **Discount Prescription Drug Card** that is helpful to any person who does not have insurance. The card is offered free to our group clients.

- We also have an installment purchasing plan through Purchasing Power, the preeminent program in alternative purchasing.
